# GEMCOM SURPAC™

Geology and Mine Planning

Gemcom Surpac™ is the world's most popular geology and mine planning software. It delivers efficiency and accuracy through ease-of-use, powerful 3D graphics, and workflow automation.

## Benefits:

- Increased efficiencies within teams result from better sharing of data, skills and project knowledge.
- All tasks in Surpac can be automated and aligned to company-specific processes and data flows.
- Software ease-of-use ensures staff develop an understanding of the system and of project data quickly.
- Surpac is modular and easily customised.
- Surpac reduces data duplication by connecting to relational databases and interfacing with common file formats from GIS, CAD and other systems.
- Multilingual support: English, Chinese, Russian, Spanish, German and French.
